

TAXI Solutions, Mobile & Office

PMR radio systems are still the mainstay of most taxi firms. Whilst the coverage is limited compared with mobile telephones the communication area is guaranteed and usually highly reliable when compared to mobile telephone infrastructure. Coverage can be tailored to your area with the use of a repeater or maximised by using a digital system.

Radios purpose built for Taxi operations

Radios designed with taxi in mind giving you Free Calls – Instant Calls - Free One to One Calls - Free Group Calls - Lone worker - Fixed Cost. Vertex radios fit perfectly if you're looking for low cost communication or choose the Simoco range with vehicle location and messaging or even go digital and have the best there is on offer.

Gould Electronics

TAXI Solutions, Mobile & Office

See our full range of products | www.gouldelectronics.co.uk

As a leading service provider of radio communication systems, Gould Electronics are a completely independent specialist, able to make available efficient radio solutions for all your communication requirements. We take great care in only selecting quality items to add to our portfolio.

We supply a wide variety of communications solutions from simple leisure type applications through to bespoke systems for businesses, government departments and the military. We pride ourselves on a fast, efficient and friendly service.

Taxi Meters

Gould Electronics offer a range of meters and accessories from the UK's leading manufacturers. Every product has been proven and certified to meet all the relevant UK and international standards of quality and excellence.

Re-Tariff Your Meter

Being able to service, repair, calibrate and re-tariff more than one make of meter means we can look after your existing fleet and add or update existing equipment.

Taxi lights and In Car Cameras

Taxi Lights & Signs give your cars the distinctive taxi cab look. No matter how busy the street, prospective fares can see your car coming in time to flag a ride. We stock a range of lights, most of them LED to give you trouble free use.

Installations | Radio, Lighting & Camera

Professionally installed equipment means less time off the road. Our engineers can fit your radio, meter, top light and camera at your premises.
